

FISCAL NOTE

HB 464 - SB 1066

March 1, 2001

SUMMARY OF BILL: With regards to establishment of a metropolitan form of government, specifies that when an urban services district lies in two or more counties, a special services district may be created for the purpose of public education and an annual ad valorem tax may be levied in the area outside the county in which the majority of the urban services district lies.

ESTIMATED FISCAL IMPACT:

MINIMAL

Estimate assumes these provisions affect existing multi-county school systems and that such taxes are already being collected on properties outside the county in which the majority of the school district lies but inside such school district. Any impact on the revenues or expenditures of an affected district is estimated to be minimal.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
